

PLASTEX

Medical & Dental Instrument & Equipment Detergent

Plastex is a clinical detergent specially formulated to be safe to use on even the most sensitive plastics.

Plastex meets the requirements of Australian Standards AS/NZS 4187 & AS/NZS 4815.

Plastex is designed to clean Medical & Dental equipment that are constructed from sensitive plastics.

Applications include:

- ✓ Curing Lights.
- ✓ Oral Cameras.
- ✓ Overhead light covers.
- ✓ Chairs & Upholstery.

Plastex is also ideal for;

- ✓ Connecting tube lines.
- ✓ Ophthalmic equipment.
- ✓ Manikins.
- ✓ Respiratory apparatus such as Resuscitators, Masks Pumps & Nebulisers.

***Plastex is available in packs of 6 x 500ml ready to use solution including applicator.*

Plastex is an exceptionally environmentally friendly product as it is formulated from advanced surfactants and sequestering agents that are made using renewable biological resources
